

Table 9
Summary of Time to Death
Safety Population

Statistics	Denvax (N=328)
Censored	61(18.60%)
Death	267
Mean	360.58
25th Percentile	129.00
Median	240.00
75th Percentile	600.00
95% CI of Median	(189 , 248)

Summary statistics are obtained by Kaplan-Meier method. Time is measured from the date of first dose of study medication.
Duration in Days =(Date of last meeting - First dose of medication)+1
